Good Afternoon!

H-Net is an international interdisciplinary organization of scholars and teachers dedicated to developing the enormous educational potential of the Internet and the World Wide Web. Our edited lists and web sites publish peer reviewed essays, multimedia materials, and discussion for colleagues and the interested public. The computing heart of H-Net resides at MATRIX: The Center for Humane Arts, Letters, and Social Sciences Online, Michigan State University, but H-Net officers, editors and subscribers come from all over the globe. Tell me more.
