

VOICES OF THE COLORADO PLATEAU

Accessible Version

Voices of the Colorado Plateau is an online multimedia museum collection featuring oral history recordings and historic photographs that document life on the Colorado Plateau. The collection is divided into three sections: People, Places, and Topics. The site is designed to increase viewer's understanding and appreciation of oral history, the Colorado Plateau and the American west. These first person accounts make history come alive in an immediate way that is powerful and compelling.

When selecting exhibits please note that there are both multimedia  and audio  only presentations.
