Why Do People Contribute To OLGA? (09 Apr 05)

Turns out an academic paper has been written on the subject (we knew nothing about it) in the *Journal of Computer-Mediated Communication*. Thanks to Natalie Guinsler for passing this on.

The Lyrics Archive R.I.P. (10/02/01)

The lyrics archive, which began a long time ago (i.e. pre 1990) at ftp.uwp.edu (the university of wisconsin, parkside) and was taken up at lyrics.ch has been removed entirely. lyrics.ch was threatened by HFA a few years ago and was working with them on a new site, songfile.com, which has now, without explanation, removed all the lyric files.
